I have been a CPA in Indiana for approximately five decades. In the last five of those years I have collaborated with Sharon Morgan EA of IRS Tax Pros, Inc. with numerous clients of mine many of whom are new to our firm with IRS tax problems. Several of these clients have been in a fix with the IRS for many years now. With Sharon we do a complete Tax Analysis at the start of each case. Her Tax Analysis Report provides detailed information so she and I working together can create the best plan of action moving forward toward complete resolution. While, I highly recommend having a tax analysis report done for those who have IRS tax problems it is her knowledgeable, friendly but professional approach both with me and my clients have always been happy with their results. The utilization of her services has helped me delivery a better more confident work product while saving us and our client both you time and money! Sharon is simply amazing to work with! I encourage you to give her the opportunity to help your company. Fred Prall & Company, Inc.

I cannot begin to describe what a blessing was having Sharon Morgan's phone number. I had an emergency where I was about to sell a house and the title company called at the last minute to inform a tax lien. I called Mrs. Morgan and I was honestly impressed with her professionalism, her knowledge, her attention and more than anything her promptness and disposition. I am truly happy her services and will be ever grateful. You can not go wrong with such a professional.

We had a very unusual tax debt when we shut down our business due to a disability. Sharon was very knowledgeable in how we should handle our case. When Sharron wasn't sure about something she made sure to enlist someone who could help. I would highly recommend her and will always be in her debt.

Sharon is nothing short of a miracle professional I am a US expat currently living in Melbourne Australia without her professional, hands-on approach in dealing with NY Tax authorities I would be completely lost and helpless! In less than 2-3 days shed managed to resolve my case to my complete satisfaction and vindication. Thanks a lot from Down Under!

I was at my wits end with my tax liabilities and penalties. The IRS had rescinded my payment plan because of a non-compliance issue. I contacted Sharon and she was able to get me back into compliance and get my payment plan reinstated for a lot less money than the bigger firms quoted me. Thanks to her knowledge and professionalism, I am able to sleep again. Sharon was such a pleasure to deal with and always let me know where we were at in the process. I have nothing but praise for the way Sharon handled my problem and would highly recommend her to anyone. Thank you so much for taking a huge burden and making easy work of it!

Sharon found solutions where there did not seem to be any solutions. She worked hard; was very professional; and negotiated the very best possible outcome in my case. I was so happy my accountant referred me to her. I would recommend her to anyone who needs the help of a true professional.

Tens of Thousands that what Sharon from Tax Pros saved me. After a lengthy and costly battle with the IRS on my own I turned to Tax Pros based on a referral and I couldn't have been happier. I had been battling with the IRS for almost a year and an half, by myself, over a 1099 that was misfiled and all I got was the run around and collection notices till Sharon jumped in. With her diligence and tenacity she was able to provide me with direction and optimism and corrected the situation in half the time. She is the BEST.

We were referred to Sharon after the IRS 'lost' 10 months of our back tax payments and had issued a lien on our property. To say we were extremely frustrated with our futile dealings with the IRS was an understatement. Sharon came in and untangled the mess and was able to act on our behalf to get the situation resolved. She was extremely professional; always returning emails and phone calls promptly and keeping us informed every step of the way. In addition to that, she was very knowledgeable and always positive and encouraging that we would indeed get this problem solved. And she did! So, so happy with the outcome and the service she provided for us. Will keep her number forever :)

I will have to say that things looked very dark for me. I was left with a debt from a previous relationship that left me almost helpless. By prayer I was led to a great accountant that put me in touch with Sharon. When I found out what she could possibly do for me and my situation I held my breath hoping that this would be the miracle that I was waiting for. I had been dealing with this horrible situation for 4 years. I remember when talking with Sharon in the beginning she told me to just hold on, this would be a tough but reachable journey and remembering that this was a marathon not a sprint! Sharon along with my accountant Brent always answered my emails and never left me to wonder over the last 2 years. Sharon called me at work one afternoon and was so excited to tell me that it was all final!!! Sharon came through with flying colors!!!! She helped reduce my \$\$\$ IRS debt to \$10,000. What a blessing she has been! I will always be thankful for so many things but Sharon (my God sent Angel) has helped me to see a future again! I am a single women that now has hope where 6 years ago I couldn't even hardly breathe. Thank you Sharon Morgan for your talents and dedication to the people. We need more out there like you! Sharon Morgan has my highest recommendation

Sharon was truly the answer to our prayers. We have been dealing with tax problems since 2008 and have worked with other tax professionals, who were not able to get results. From our first conversation with Sharon, we felt confident that she would be able to help us. She was with us every step of the way and was always available when we needed her. She set our expectations from the beginning, and everything worked exactly the way she said it would. She truly cares about her clients and it really shows. We just found out yesterday that our OIC was accepted! THANK YOU!!!

I was fortunate enough to be referred to Sharon at IRS Tax Pros for IRS issues that had been going on for a long time and I owed them a substantial amount of money. Being a senior citizen with limited income and very limited retirement income, I didn't know how I was going to deal with it without having to give up everything we had. With her experience, knowledge and perseverance Sharon was able to get not only an acceptable settlement but an INCREDIBLE settlement for me. She is an EXPERT especially in dealing with appeals. Trust me, if you are in need of someone who will represent you, stand by you, and get the best possible results for you in dealing with the IRS, you need Sharon Morgan, IRS Tax Pros to represent you! Thank you Sharon!!
